Nicolas Silva Zuñiga

Front End & Mobile Developer

nicolasignacio.sz@gmail.com | 780-995-9077 **|** Edmonton, Alberta **|** www.linkedin.com/in/nicoisz

With over 6 years of experience, I have honed my skills in front end & mobile developer and project management. Proficient in leading teams and leveraging technologies such as Angular and other associated JS frameworks, I consistently achieve results through effective leadership, problem-solving, and fluency in languages including Portuguese, Spanish, and English.

I am a holder of an Open Work Permit valid until February 2026.

PROFESSIONAL EXPERIENCE

NTT DATA Europe & Latam, Team Manager, Valdivia, Chile.   December 2023 – Present

Managed Enel's (Green energy company) development team across Chile, Peru, Colombia, and Brazil, ensuring alignment with client needs. Facilitated direct communication and exceeded €35,000 budget estimates. Utilized language proficiency in English, Portuguese, and Spanish to strengthen client relationships internationally.

- Spearheaded Enel's development team across **multiple** South American territories (Chile, Colombia, Peru, Brazil) fostering collaboration and synergy to **achieve project milestones** efficiently.
- Applied advanced project management techniques to accurately **estimate project timelines and costs**, ensuring timely delivery and budget adherence, **surpassing targets by 13%**.
- Implemented agile methodologies to streamline project workflows and improve team efficiency, **reducing project delivery time by 10%** while maintaining quality standards.
- Collaborated seamlessly with cross-functional teams, including operation support and AMS (Application Management Service), to identify potential risks and proactively implement mitigation strategies.
- Awards: Received recognition for **quickly adapting to the team**, promptly managing the **resolution of technical stoppers**, and effectively managing and **generating savings in cost estimation**.

NTT DATA Europe & Latam, Team Leader, Valdivia, Chile.   December 2022 – December 2023

Led mobile development teams across multiple projects, including collaborations with Movistar-Telefónica and Transbank, as well as distributed teams in Spain. Responsibilities involved managing monthly costs associated with team distribution, evaluating performance, and facilitating communication between project managers and clients.

- Led successful mobile app launch with **over 500 users**, using ionic/angular and Coordinated cross-functional teams to meet project timelines and quality standards.
- Developed training program, improving team's technical skills. **Provided mentorship** and resources to enhance team members' competencies.
- Managed teams, reallocating personnel to new projects efficiently. **Oversaw team assignments**, ensuring optimal utilization of resources for project demands.
- **Conducted technical interviews** for onboarding new developers. Evaluated candidates technical competencies to build high-performing teams.

NTT DATA Europe & Latam, Front End & Mobile Developer, Valdivia, Chile.   October 2020 – December 2022
